DEMOCRATIC TICKET.

For Congressman, First Florida District.
HON. STEPHEN M. SPARKMAN.

In little less than four hours Schley and
Sampson destroyed \$15,000,000 of Spain's
ships. This destruction, it is interesting
to note, was at the rate of \$4,000,000 an
hour, \$66,666 a minute, or \$1,111 a second.
Who says they did not improve the shing-
ing hour

Admiral Cervera is to be confined at
Annapolis. Certain liberties are to be al-
lowed the gallant old Don, so that impris-
onment in the United States will show up
in pleasant contrast to liberty in Santia-
go. And here, too, he will be offered an
opportunity of learning how a real fight-
ing navy is made.

When Cuba has her own free govern-
ment, she will take off the Spanish tariff
of six dollars a barrel on flour, and open
her markets to American flour, any many
other of our farm products. Five years
of Free Cuba will give us trade enough to
nearly pay our people the cost of helping
her to freedom.—Tallahassee.

A Sure Thing for You.
A transaction in which you cannot lose is
sure thing. Biliousness, sick headache, fur-
red tongue, fever, piles and a thousand other
ills are caused by constipation and sluggish
liver. Cascarets Candy Cathartic, the won-
derful new liver stimulant and laxative, is
made by all druggists guaranteed to cure
or money refunded. C. C. are a sure
thing. Try a box to-day; 10c, 25c, 50c.

THE BANKRUPTCY LAW.

The bill providing for voluntary and
involuntary bankruptcy received the ap-
proval of the president on the 3d inst.,
and became a law.

Within thirty days an opportunity will
be given to men who have become embar-
rassed to file their applications to be ad-
judged as voluntary bankrupts, and to
obtain discharges.

Within four months it will be possible
to force an insolvent firm or person into
involuntary bankruptcy, and then all
preferences given within four months
from the filing of the petition of involun-
tary bankruptcy will be set aside.

It is one of the most important legisla-
tive enactments of the recent session of
congress.

OUR WINNING "TRUMP."

Our navy destroyed Spain's Philippine
squadron and ruined the fortifications of
Manila without the loss of a ship or man.

Our navy bombarded San Juan for three
hours and would have taken it had orders
of recall not come. Not a ship was dis-
abled and only two men were lost.

Our navy smashed the forts at Santiago
without the loss of a ship or a man.

Our navy pulverized Cervera's superb
squadron without the loss of a ship and
with the loss of one man.

Do not these facts demonstrate the
truth of the contention of the naval and
also of the military experts? Do they not
prove that our navy is our trump card
that can and will win the game whenever
we play it "for all it is worth?"—New
York World.

Are You Weak?

Weakness manifests itself in the loss of
ambition and aching bones. The blood is
watery; the tissues are wasting—the door is
being opened for disease. A bottle of Brown's
Iron Bitters taken in time will restore your
strength, soothe your nerves, make your
blood rich and red. Do you more good
than an expensive special course of medicine.
Brown's Iron Bitters is sold by all dealers.

QUESTION OF QUARANTINE.

GOVERNMENT WILL ABIDE BY RULES OF
THE FLORIDA BOARD OF HEALTH.

Tampa, July 9.—The arrival of a few of
the survivors of the battle of Santiago
has resurrected the quarantine question.
The president of the State Board of
Health said today that the Government
had agreed to abide by all the Florida
rules and regulations. It was left to the
discretion of the physician in charge of
the quarantine station whether to pass
any of the returning transports or not.
He said that if the boats were in good
sanitary condition they would probably
be permitted to come up the bay and land
the wounded. Dr. Porter, State Health
Officer, by special order, went to Key
West last night to look after the situa-
tion there.

The Government has asked that a
house-to-house sanitary inspection be
made of Tampa by the local authorities,
the reports of each inspection to be in-
dorsed by the president of the State
Board of Health, and returned to the
Government. This inspection will begin
Monday, and to assist in it General Cop-
pinger has placed ten four-mule teams at
the disposal of the local sanitary depart-

ment. These steps are to prevent any
visit of sickness during the long summer
months.

SCHLEY THE VICTOR.

Later and fuller accounts of the great
sea fight off Santiago makes it clear that
it is to Commodore Schley that the nation
owes honor and gratitude for the destruc-
tion of Cervera's fleet, the overthrow of
the Spanish naval power and the release
of our squadrons from mere blockading
to more decisive work.

It was Schley who forced Cervera into
Santiago Bay as a harbor of refuge.

It was Schley who by daring reconnis-
sances determined the presence there of
the whole fleet. It was Schley who said,
"They will never get home."

It was Schley who, when Cervera made
his daring dash to escape, met and utterly
destroyed his fleet.

For this work Commodore Schley is as
clearly entitled to the credit as Farragut
was for results at New Orleans and Mo-
bile, or as Dewey is for the splendid per-
formance at Manila.

In awarding honors let us give them to
the men who have earned them.

A SORRY SET.

It is gratifying to know that the au-
thorities at Washington have come to the
conclusion that it would be worse than
useless to rely upon the Cuban insurgents
in the prosecution of further operations
in Cuba. They are either indifferent to
our success there or incapable of render-
ing us assistance. It has been evident
for some time that Gomez would not make
any effort to aid us. Garcia gave promise
of doing something, but has recently been
revealed in his true light.

With a force of 6,000 men he was sen
to meet Pando, who was marching with
about an equal force to reinforce the
Spanish force at Santiago. Instead of
intercepting Pando and giving him battle
Garcia ignominiously ran out of his way
and left him a clear march to Santiago.
The spectacle of a general and 6,000
men who were enlisted to fight for the
liberty of their own country, evading an
enemy no stronger than they were is con-
temptible in the last degree. Just think
what American soldiers or even Spanish
soldiers would have done under similar
circumstances.

The argument that the Cubans are un-
fit for self government has been strength-
ened immensely since our war with Spain
began.

We are pledged to the establishment of
a free and stable government in Cuba. In
order to redeem that pledge it will be nec-
essary for the United States to hold Cuba
and direct its affairs until enough Ameri-
cans go there to govern it.—Atlanta
Journal.

SOME persons say
it is natural for
them to lose flesh
during summer.

But losing flesh is losing
ground. Can you afford
to approach another win-
ter in this weakened con-
dition?

Coughs and colds, weak
throats and lungs, come
quickest to those who are
thin in flesh, to those cas-
ily chilled, to those who
have poor circulation and
feeble digestion.

Scott's Emulsion

of cod liver oil with hypo-
phosphites does just as
much good in summer as
in winter. It makes flesh
in August as well as April.
You certainly need as
strong nerves in July as in
January. And your weak
throat and lungs should
be healed and strength-
ened without delay.
